Pro-Hamas Activists in Judea and Samaria  
de-legitimize Israel during the Swords of Iron  
War

# About ISM

The International Solidarity Movement is a pro-Hamas "resistance" organization disguised as "human rights activism."

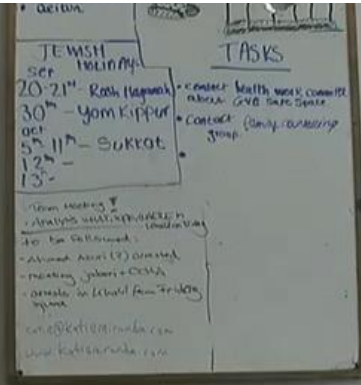

The organization's activities and methods were exposed by Ad Kan and investigative journalist Zvi Yehezkeli in a Channel 13 investigative journalism docuseries, "HaShtula" ("The Undercover Agent").

One of the major figures in the ISM movement is **Paul Larudee**, an Iranian-born, US-based supporter of Hamas, Hezbollah and Iran and an organizer of the Mavi Marmara flotilla.

On October 7<sup>th</sup>, Larudee extolled the massacre in southern Israel: "Today our Palestinian brothers and sisters are teaching the Zionists a lesson."

**ISM operative sings the popular Hamas jingle: "Bomb Tel Aviv"  
("HaShtulah" Channel 13)**

**אודרוב אודרוב תל אביב**

ISM operatives have slipped into Israel as tourists and are currently embedded in Judea and Samaria, particularly in the south Hebron, Jordan Valley and Eastern Binyamin regions.

These operatives agitate, stage confrontations and collect intelligence on IDF positions. They interfere with IDF operations and cooperate with anarchists and Israeli BDS activists.

# Pro-Hamas Agenda

ISM operatives were observed recently at a Hamas march in Hebron and at a rally in support of terrorists in Ramallah. They continue to express extreme positions, including support for rocket attacks by Hezbollah and Syria against Israel.

ISM operatives are at the forefront of the campaign to delegitimize Israel. They exert pressure on foreign embassies, deny that a massacre was carried out by Hamas, and accuse Israel of committing war crimes, with particular emphasis on accusations of IDF and "settler violence."

## Call to Action – Embassies of Ireland, UK, Belgium and Mexico: act now to stop the violence in Masafer Yatta

in Action Alerts, Email Blast, Features October 31, 2023

URGENT CALL TO ACTION!!

**We ask people around the world to pressure the governments of UK, Ireland, Belgium and Mexico to take immediate action to stop the attacks happening in Masafer Yatta, Palestine.**

As the world's eyes are rightly upon the Israeli genocide taking place in Gaza, many horrific episodes of ethnic cleansing of Palestinian communities are taking place in the dark in the West Bank.

# Israeli partners:

ISM partners with extreme radical Israeli operatives involved in similar activities, and regularly hosts foreign journalists on field tours, providing carefully crafted video and other materials to the media. A recent example: An IDF post near Maon was overrun by Israeli and foreign "activists" who staged and broadcasted a confrontation with the troops, claiming "IDF and settler violence."

The screenshot shows a Facebook post by Alison Russell, dated October 25, 2015, at 15:42. The post text in Hebrew reads: "מכנים גם את חיילי צהל שהיו בעמדותיהם כ'מתנחלים'". The post includes a video with two frames. The first frame shows a man and a woman in a field, with red boxes around them and the text "מייק באומן פעיל Ism". The second frame is a close-up of a woman in a military uniform, with a red circle around her and the text "יסמין עין ורדי אנרפיסטית ישראלית, מתגוררת בפפר תוואני". The post also has a red dashed arrow pointing to the text "הצלמת פעילת Ism" and another red dashed arrow pointing to the video frames.

## (תיקון מס' 28) תשע"ז-2017

(ד) לא יינתנו אשרה ורישיון ישיבה מכל סוג שהוא, לאדם שאינו אזרח ישראלי או בעל רישיון לישיבת קבע במדינת ישראל, אם הוא, הארגון או הגוף שהוא פועל בעבורם, פרסם ביודעין קריאה פומבית להטלת חרם על מדינת ישראל, כהגדרתו בחוק למניעת פגיעה במדינת ישראל באמצעות חרם, התשע"א-2011, או התחייב להשתתף בחרם כאמור.

## תנועת הסולידריות הבין-לאומית

ערך שיחה

### תנועת הסולידריות הבין-לאומית (באנגלית: **International Solidarity Movement**;

ידועה בראשי התיבות שלה **ISM**) היא ארגון שמאל רדיקלי הפועל בישראל ובמיוחד בשטחי יהודה ושומרון ורצועת עזה למען הפלסטינים. תנועה זו טוענת כי על ידי פעולות של אזרחים זרים יהיה אפשר לערער את השליטה הישראלית ביהודה, שומרון ועזה, לשמור על זכויות האדם של הפלסטינים ולסיים את בידוד האוכלוסייה. מטרה נוספת לדברי התנועה, היא להגביר את המודעות בעולם לסבל של הצד הפלסטיני, אשר לדידה מוצג כצד שווה לצד הישראלי במדיה העולמית, במקום כצד כבוש הנאבק למען חופש ולמען זכויות אדם.<sup>[2]</sup>

בנוסף לפעילותה בשטחי יהודה, שומרון ועזה מקיימת ISM בעולם פעולות תעמולה נגד ישראל, תוך השוואת מדיניותה למדיניות האפרטהייד בדרום אפריקה.<sup>[3]</sup> התנועה תומכת בחרם על ישראל ולוקחת חלק בקמפיין ה-BDS.<sup>[4][5]</sup>

## Legal Remedies

ISM operatives and other non-citizens who publicly support the boycott of Israel may be denied entry or the right to remain in Israel.

Additionally, these "activists" are apparently violating the law by entering Israel under false pretenses, stating the purpose of their visit as tourism rather than political activity.

Coordination among the relevant authorities is needed in order to keep pro-Hamas activists out.

## פעילים זרים בשטח

## פעילי שמאל ישראלים

## Guy Hirschfeld

Well known BDS activist and anarchist. In recent years, active mainly in the Jordan Valley. Refers to the IDF as "the terrorist army" and to IDF soldiers with extremely defamatory epithets. Since the outbreak of the war, he has brought UN officials and foreign journalists to the Jordan Valley and to Judea and Samaria for anti-Israel briefings on IDF "crimes" in Gaza and Judea-Samaria. Actively seeks to delegitimize Israel in international media and organizations.

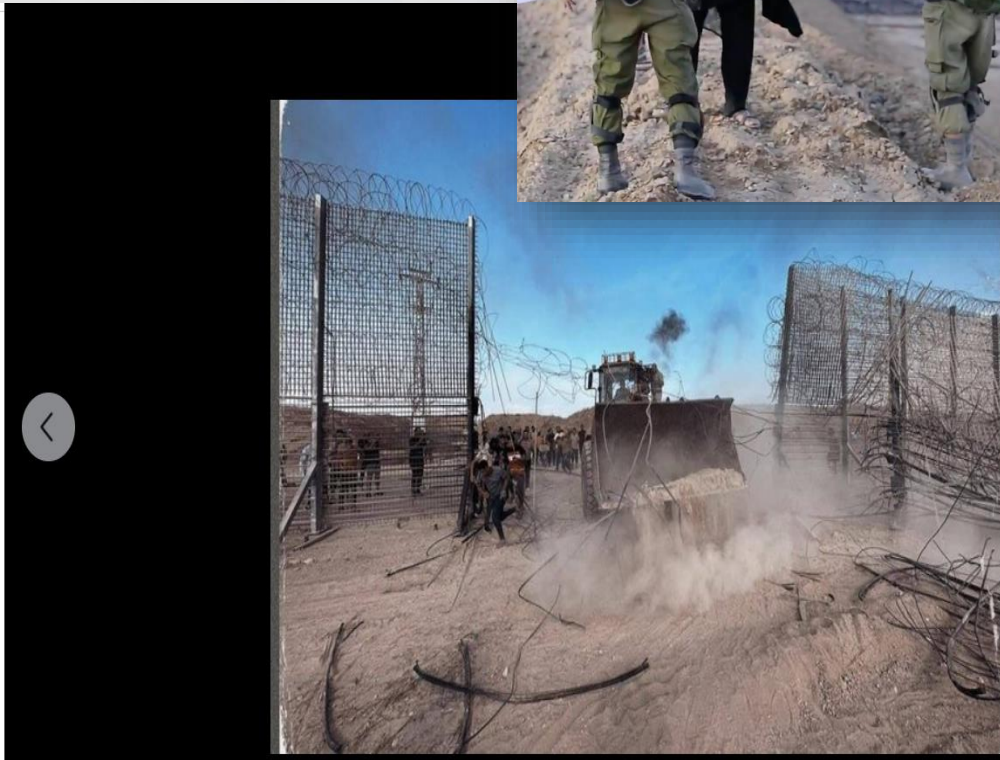

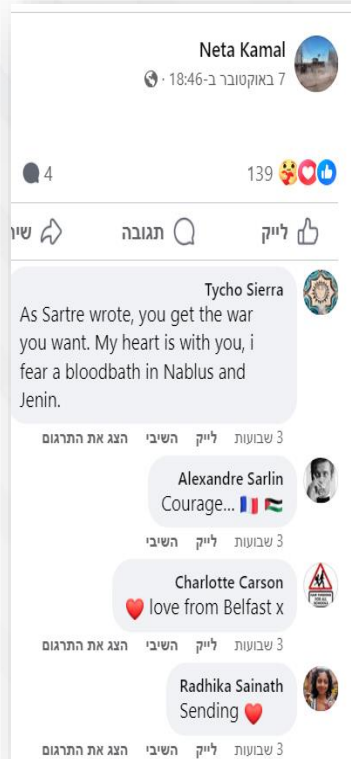

## Israeli leftist operatives

## Neta Golan (Kamal)

Co-founder of ISM, Israeli citizen married to an Arab and residing in Judea and Samaria. Golan is a leader of online and live protest activities aimed at delegitimizing Israel. On October 7<sup>th</sup>, to express her solidarity and admiration she changed her profile picture to a photo of a Gazan bulldozer breaking through the fence and opening the way for the mob to swarm and massacre the residents of the kibbutzim.

## Summary

1. ISM is a pro-Hamas "resistance" organization whose leadership supports the massacre carried out by Hamas against the "Zionists."
2. ISM operatives joined forces with other Israeli and foreign operatives during the Swords of Steel War to engage in activities in Judea and Samaria aimed at delegitimizing Israel in the international arena and to carry out provocations targeting IDF troops.
3. The State of Israel has the necessary legal tools to deport these foreign agitators on the grounds of violation of the anti-boycott law and the laws regulating entry to Israel. Similarly, the State has the legal tools at its disposal to restrict the entry of pro-BDS Israeli agitators to sensitive areas, thus significantly limiting the activities of the organizations involved in the delegitimization campaign and preventing the disruption of IDF activities in a time of war.
